

FOR THE 9TH YEAR RUNNING:

MOTOR OFFICER ADVANCED TRAINING

What is this CLASS About? Not only will you learn sound techniques that will help you on the road, you will practice on the track, on your police motor, in an environment that will allow you to find the capabilities of both you and the bike. Parking lot training has its place, but 3X AMA Superbike Champ & Hall of Famer Reg Pridmore's time tested methods of teaching *control and technique* on a closed circuit in real time takes Motor Officer Training to a new level. This will *help save officers lives* as they become better, safer riders, working to protect and serve.

Mon May 6, 2024 Streets of Willow, Rosamond, CA
\$395 Includes full day of classroom, on-track coaching,
on-track practice and lunch.
